

This document is an authorization from SGB enterprises to Yobbahim Javier Israel Perez Vite to perform the necessary maintenance and update on the CAPT-E equipment located at CONTEL belonging to "Direccion General De Transportes Aereos- Guardia Nacional-". The maintenance comprehends but is not limited to:

- Disassembly of main components.
- Verification of components performance
- Data acquisition and handling
- Transportation of the components to our facilities
- Software and features updates
- Hardware and Software calibration

We do not consent any Guardia Nacional personnel to work on the before mentioned device nor to handle any of the components, software or hardware belonging to the CAPT-E with CAGE CODE 01PX6 without our explicit authorization and training validation.

Regards,

A handwritten signature in black ink, appearing to read 'M. Beiter', with a stylized flourish at the end.

Marvin Beiter

General Manager & VP of Operations
